

# Green Safaris

## Photo Competition Terms and Conditions

The prize offer is a three-night stay for two people at the Green Safaris property/ies involved in the contest. The stay can only be booked within off-peak dates (and not including national public holidays) but can be booked within peak season only if confirmed within two weeks of arrival.

The stay must be booked for an arrival date within a year of the prize announcement. The stay will be for an entry-level room; the cost of upgrading to a premium room will be covered by the contestant.

Food, board, soft drinks and select activities are included. Road transfers from the nearest airport or airstrip are included, but no journeys of over 45 minutes. Flights are not included. Alcohol is not included.

Green Safaris will consider all submissions within each category at the end of each quarter to decide the winners within that three-month period. Only entries submitted within that particular quarter will be considered and not previous submissions.

Winners will be contacted by email and winners' names and photos will be promoted on Green Safaris and the related \*property/activity social media channels.

Photos must be originals and have been taken by the entrant while staying at the related property and/or participating in the related activity.

Photos may not contain watermarks. Photos must be submitted in either JPEG, JPG or PNG format and with a maximum file size of 5MB.

To be confirmed on submission: date photo was captured, name of the photographer, email address of photographer, description of the photo, and chosen category.

The number of photos one entrant may submit is limited to three per category, per quarter.

Each photo submitted can only be assigned to only one category (not multiple), so contestants must choose one category per photo submitted.

Green Safaris reserves the right to monitor the entries and has full authority to reject entries that do not meet the competition criteria or our basic image standard.

Green Safaris will approve and publish all qualifying entries to the website. All entries may be shared by Green Safaris and its third-party agents and platforms for marketing purposes without credit in the future.

Entry and voting may only be done on the Green Safaris website. After the entry submission and voting window closes, the three images in each category with the most votes will be put forward to Green Safaris to decide on the one final winner. Green Safaris' choice is final.
